55	1.7.53 – 30.6.58	etc.	

3. Eligibility

To be eligible the skater must be member of a national speed skating federation recognized by the ISU and must have a license of his federation.

4. Drawing, Classification

If there are more than 100 participants at the Sprint Competitions, the 5 year age groups will be divided into 2 or more groups of 5 year age groups. Every of these groups of 5 year age groups shall skate their two distances separate, so that the time between the two distances does not get too long.

Neighbouring five year age groups with a low number of participants may be put together for drawing and speed skating in the competition. In these combined age groups the age group of each skater will be written behind his name.

The classification however will be separately in five year age groups independent of the number of participants. The winner of the sprint combination in a five year age group is the skater who has completed successfully all distances and has obtained the lowest total of points.

Drawing must be done according to ISU Rule 244 for Drawing at International Competitions and according to ISU Rule 242, paragraphs 3 and 2, for Drawing at International Sprint Competitions, with the exception that all competitors will be admitted at the last distance.

5. Prices and Minutes

All participants, who skate successfully the four distances contest, obtain a certificate, a medal and minutes including end times. The Complete Minutes (including start times, lap times, accumulated lap times and end times) can be found at the website <http://www.max-aicher-arena.de>.
