rh. Speed Skating Canada has recently confirmed that the **4th Masters' International Canadian Open (MICO)** will be held in **Halifax, Nova Scotia on January 15 – 16, 2011**. Also here Japanese skaters took part happily as in the Sprint Competition the two days before. Two distances had to be skated, 500 m and a long distance from 3000 m, 5000 m or 10000 m. Besides a couple of good results two times were outstanding, the new **IMSSC Records** of **Bianca van den Hoek/NED F 30** 5000 m 7:58,75 and of **Toon Kooijmans/NED M 70** 10000 m 17:23,53. 3rd HEERENVEEN SPRINT Heerenveen/NED

vs. The **3rd Masters International HEERENVEEN SPRINT** was held on 22 – 23 Mar 2010 in the famous Icehall Thialf of Heerenveen/NED. **80 Masters (12 Ladies and 68 Men)** took part from **6 Nations (GER 4, JAP 5, NED 61, NOR 5, RUS 4, USA 1)** in the Sprint

Combination (500m, 1000 m/500 m, 1000 m). Parallel to this competition the same Sprint Competition was held for 64 Juniors and Seniors. For the first time **Japanese Master Skaters** took part in one of our International Masters' Competitions. They had a lot of fun in the competition as could be seen from their nice letters to the organizer of the competition, **Bram de Vries**. We hope that Japanese Master Skaters will compete at one or more of our competitions also in the next season. We heard that there are a lot of Master Skaters in Japan and that they have also in **Japan National Masters' Championships**. A lot of good results were reached at the competition and **4 IMSSC Records** (Masters' World Records) could be broken: **Gerdien Meijer/NED F 45** 500 m 44,70 and 1000 m 1:29,02; **Ivar Njøs/NOR M 45** Sprint Combination 154,050 points; **Kees Verdouw/NED M 65** Sprint Combination 174,635 points. NEW DATE: Masters' RUSSIAN ALLROUND

vt. The 4th Masters International RUSSIAN ALLROUND CHAMPIONSHIPS will be held on **26 – 27 Mar 2010 now** (not at 27 - 28 Mar 2010). The date had to be altered because a figure skating show in the icehall of Kolomna got priority on Sunday, 28 Mar 2010.

19th ALLROUND GAMES Baselga di Pinè

vs. For the first time Masters' ALLROUND GAMES were in Baselga di Pinè/Italy 1998. The **19th Masters' International Speed Skating ALLROUND GAMES on 26 – 28 Feb 2010** are already the third ALLROUND GAMES in Baselga di Pinè. The competitors and companions were welcomed by the General Manager of the Competition, **Sergio Revolti**, at the Drawing and Welcome Drink in the nice Congress Center of Baselga. At the three competition days **192 speed skaters (40 Ladies and 152 Men) from 17 Nations (AUS 1, AUT 3, BEL 1, CAN 3, ESP 1, FIN 11, GER 23, ITA 18, KAZ 1, LAT 2, NED 62, NOR 40, ROU 1, RUS 14, SUI 8, UKR 1, USA 2)** competed in the 4distance combinations 500, 1500/1000, 3000 m (Ladies 5year age groups 30 and higher, Men age groups 65, 70, 75) and 500, 3000/1500, 5000 m (Men 5year age groups 30 – 60). At the first day the athletes had to fight also against the weather conditions, rain and snow. It was an advantage for the skaters from open tracks, who know such conditions well. The second day with much sun and the third day with clouds but no rain and no wind brought much better ice as could be seen by the good results. **Five IMSSC Records** from the IMSSC Records' List 2009 could be lowered, **all by Thea Kroontje/NED F 65**: 500 m 53,00, 1000 m 1:38,27, 1500 m 2:31,36, 3000 m 5:16,96 and 4 distance combination (500, 1500/1000, 3000 m) 205,413 points. The competitions were well conducted by the main referees **Debora Sighel** (Ladies) and **Armando Gorza** (Men) and their large teams. At the closing banquet and victory ceremony the 320 participants and companions were welcomed by the Maire of Baselga di Pinè, **Sergio Anesi** and the chairmen of the Organizing Committee, **Enrico Colombini**. The Secretary of the IMSSC, **Volker Serini**, said thanks for the fine organization of the 19th Masters' Allround Games. The very good closing banquet with six delicious courses and the nice victory ceremony with wonderful prices, which was done in three parts, were held in a large very nice tent directly over the speed skating track. The track was illuminated and could be seen through the two transparent sides of the tent. This tent was really a good idea and a perfect solution for the 320 participants. Music by a small band, which played a lot of nice oldies, still raised the good mood of the guests. You can find the **Complete Results** of the competition on http://www.icerinkpine.it/Master2010/Final_Results.pdf and a **Summary of the Results** on http://www.speedskatingnews.info/?page_id=813&eventID=12012.

14th Masters' Int. MASTER CUP Berlin

vs. The 14th Masters' International Speed Skating MASTER CUP in the icehall of the **Berlin Sportforum on 20 – 21 Feb 2010** was a nice competition on fast ice of the **83 competitors (18 Ladies, 65 Men) from 9 Nations (CAN 2, ESP 1, GER 38, NED 13, NOR 18, ROM 1, RUS 4, SUI 1, UKR 6)**. Jörg Krakow, head of the Organizing Committee, welcomed the competitors and their companions before the drawing Friday evening. **After the drawing there was a reception with a substantial good buffet** where the participants and their companions, in the meantime a large International Masters' Family, met and discussed about the coming competition and other competitions of the winter season. The

competition start for the first two distances was Saturday 12:00 o'clock and for the 3rd and 4th distance Sunday 9:00 o'clock. The competition was an Allround competition with the same 4 distances combinations as at the Masters' Allround Games, **500, 1500/1000, 3000 m** for the Ladies age groups 30 and higher and Men age groups 65/70/75, and **500, 3000/1500, 5000** for the Men age groups 30 - 60. A lot of **personal bests and German Masters' Records** were reached on good ice. The competitions were closed with a nice victory ceremony directly at the ice rink after the races. A large part of the skaters left Berlin with the destination Masters' Allround World Games in Baselga di Pinè/ITALY, which were held one week later. You find the **complete results of the 14th MASTER CUP** on <http://www.eisschnellauf-in-berlin.de/PDF/Masters2010.pdf>, a **summary of the results** also on http://www.speedskatingnews.info/?page_id=813&eventID=11693 and **speed skating pictures of nearly all competitors** on http://www.desgphoto.com/?page_id=811&id=186.

2nd Masters' SPRINT GAMES in Milwaukee

vs. The **2nd Masters' International Speed Skating SPRINT GAMES** were held on **6 – 7 Feb 2010 in Milwaukee/USA in the icehall of the Pettit National Ice Center. 81 Masters (18 Ladies and 63 Men) from 9 Nations (CAN 8, FIN 5, GER 1, ITA 2, NOR 4, NED 14, ROM 1, RUS 4, USA 42)** were at the start. A lot of them had already taken part in the Masters' International AMERICAN ALLROUND and SPRINT in Salt Lake City a week earlier. The competition started already at 8 o'clock in the morning at both competition days. The ice was of high quality and the competition was very well conducted by the main referee **Jeff Edwards** with his large jury and office team. So a lot of personal bests were reached and a lot of IMSSC Records from the list 2008/2009 were lowered. But some of them had already been broken with a bit lower times at the AMERICAN ALLROUND and SPRINT in Salt Lake City a week earlier. **Five really new IMSSC Records** were set up by the following skaters: **Suzy Osum/USA/F 45**, 500 m 45,87 and Combination Sprint Ladies (500, 1000/500, 1000 m) 184,550 points; **Victor van den Hoff/NED/M 55**, Combination Sprint Men (500, 1000/500, 1000 m) 161,580 points; **John Dumont/USA/M 60** Combination Sprint Men (500, 1000/500, 1000 m) 169,035 points; **Jan van der Meulen/NED/M 65**, Combination Sprint Men (500, 1000/500, 1000 m) 176,725 points. The fine closing banquet and nice victory ceremony were held in the impressive Empire Ballroom of the Hilton Hotel Milwaukee City Center. At the closing banquet **Olu Sijuwade**, not only circumspet leader of the competition but also top skater and top saxophonist, delighted us by wonderful music with his saxophone. The Hilton Hotel in the Downtown of Milwaukee, still built in the Victorian Style, was the official Competition Hotel, it was very nice and comfortable for the participants, and it was a good starting point for visiting the attractions of Milwaukee at the large Lake Michigan. Many thanks to **Andrew Love**, the organizer of the 2nd Masters' SPRINT GAMES, and to his crew, for the great organization. You find the **results of the 2nd Masters SPRINT GAMES** on <http://speedskatingresults.com/index.php?p=2&e=4266> and a **summary of the results** also on www.speedskatingnews.info/?page_id=813&eventID=13278.

Flood of IMSSC Records at the Utah Olympic Oval

vs.bou.löv. The **1st Masters' International AMERICAN ALLROUND and SPRINT** in the Utah Olympic Oval of **Salt Lake City** on **30 – 31 Jan 2010** was a huge success. **54 Masters (12 Ladies and 42 Men) from 10 Nations (CAN 7, GER 1, ITA 1, LAT 2, MEX 1, NED 15, NOR 4, ROU 1, RUS 2, USA 20)** competed on fast ice and reached fantastic results. For the first time a **Mexican Master Skater** took part in one of our International Master Competitions. The **29 New IMSSC Records and 1 Equalled IMSSC Record** at this single competition are more than at all races together in 2008/2009 with 26 records.

Brian Boudreau, registrar of the meeting and competitor himself wrote me in an email: “Here’s the official protocol from this weekends racing. Thanks to everyone who showed up for our first ever IMSSC Master meet at the Utah Olympic Oval. I believe the meet was a success. The after party last night was fun. Thanks to the Kraan’s for hosting it. I was awesome watching all racers give it their all. I think the Masters gave the Oval new energy this weekend. I know putting this meet together gave me a new appreciation for this sport. Thanks to Andrew for putting this together and all volunteers who without this would’nt happen at the oval. Look forward to seeing you all next year. Good luck in your skating the rest of the season and good luck to everyone in Milwaukee and Baselga.”

And **Andrew Love**, organizer of the meeting and also competitor himself, emailed me: “The Salt Lake Meet was a huge success, 54 skaters from 10 nations skated **over 60 personal best times and 29 IMSSC Records were broken**. Especially outstanding performances were skated by Norwegian Nina Tørset, American Eva Rodansky and John Diemont, Dutch Victor van den Hoff and other skaters. I had a good meet myself, breaking the sprint samalong, and skating the exact same 1000 m time that I did all those years ago in Davos, 1:15,95. The Utah Oval produced two protocols, the first one has everything broken up by age groups, the second one has the distance analysis of each race and accumulate lap times.” You find the mentioned protocols under www.imssc.org/10-SaltLakeCity-results-1.pdf and www.imssc.org/10-SaltLakeCity-results-2.pdf. You find a summary of the results also on www.speedskatingnews.info/?page_id=813&eventID=13168.

The following **29 IMSSC Records** (Masters’ World Records) were set up and **1 IMSSC Record was equalled** by the following skaters: **Eva Rodanski/USA/F 30**, 500 m 41,64, 1000 m 1:21,73, 1500 m 2:06,83, Combination Allround Ladies (500, 1500/1000, 3000 m) 171,229 points; **Nina Tørset/NOR/F 35**, 500 m 42,29, 1000 m 1:23,31, 1500 m 2:07,77, 3000 m 4:31,60, Combination Allround Ladies 171,801 points; **Nat White/USA/M 30**, Combination Allround Small Men (500, 1500/1000, 3000 m) 165,149 points; **Andrew Love/USA/M 35**, 1000 m 1:15,95 (equalled record), Combination Sprint (500, 1000/500, 1000 m) 152,170 points; **Brian Boudreau/USA/M 40**, 1000 m 1:14,53, Combination Allround Small Men (500, 1500/1000, 3000 m) 154, 887 points; **Boris Leikin/USA/M 55**, 500 m 39,99 (30.1.2010), 500 m 39,94 (31.1.2010), 1000 m 1:18,47 (30.1.2010), Combination Sprint (500, 1000/500, 1000 m) 158,675 points; **Victor van den Hoff/NED/M 55**, 1000 m 1:18,45 (31.1.2010), 1500 m 2:00,74, Combination Allround Small Men (500, 1500/1000, 3000 m) 163,231 points; **John Diemont/USA/M 60**, 500 m 41,43, 1000 m 1:22,34 (30.1.2010), 1000 m 1:21,96 (31.1.2010), Combination Sprint (500, 1000/500, 1000 m) 165,280 points; **Wibe Veenbaas/NED/M 60**, Combination Allround Small Men (500,1500/1000,3000 m) 171,661 points. **Jan van der Meulen/NED/M 65**, 500 m 43,37, 1000 m 1:24,88, 3000 m 4:38,28, Combination Allround Small Men 176,483 points. 8th Masters’ SINGLE DISTANCE RACES Hamar/NOR

sve. The 8th Masters’ SINGLE DISTANCE RACES were organized in **Vikingskipet** last weekend, **23 – 24 Jan 2010**. For what I can see **104 Masters** and some 27 Guests participated. Among the guests were the Norwegian top skaters Øystein Grødum and Reidar Borgersen who raced a 10000 m as their largest attempt to qualify for Vancouver. They were able to raise enough money to heat the hall to get good conditions, from which all masters also benefited. As far as I can see, **10 IMSSC Records** were beaten:

Enrico Heinowski/GER/M 30, Combination Allround Big (500, 5000/1500, 10000 m) 183,003 points; (**Morten Eilertsen/NOR/M 40**, Combination Allround Big (500, 5000/1500,

The records of Ragnvald Næss and Arne Kjell Foldvik were quite fantastic keeping in mind that they are 55 and 75 years of age, respectively. There were **12 foreigners participating – more or less the normal number, 3 from Germany, 1 from Italy, 7 from Sweden and 1 from Ukraine** (living in Norway). Among the guests was also the Swedish National Team testing their shape before Vancouver. You can **see all the results, pictures and an article** (Norwegian) on www.aktivsk.no (see Home Page, Resultater and Nyheter). vs. The **11th Masters International Davos Meeting took place on 9 – 10 January 2010 in Davos-Platz/SUI** at the famous natural ice track at 1560 m sea-level in Davos-Platz. The ISC Davos will organize with her help also the 12th Masters' Meeting in Jan 1011. The results of the competition can be found under www.speedskatingnews.info/?page_id=813&eventID=12050.

CANADIAN OPEN and AMERICAN ALLROUND

vs. Below I have spoken about a travel for speedskating freaks to two Master Competitions in USA. But you can also make another nice travel to two competitions at successive weekends one week before. You can combine the 3rd Masters CANADIAN OPEN in Québec/CAN on 23 – 24 Jan 2010 with the mentioned 1st Masters' AMERICAN ALLROUND and SPRINT in Salt Lake City/Utah/USA one weekend later. The Allround Competition in Québec takes place at Gaétan Boucher Oval, an open air track. At this track the Masters' Allround Games

have already been held two times, 1996 and 2001, both wonderful organized competitions. Also Québec at the St. Laurence River is a very nice and interesting old town with a famous history.

Masters' Competition in Salt Lake City/USA

vs. Now the announcement of the 1st Masters' International AMERICAN ALLROUND and SPRINT in Salt Lake City/Utah/USA on 30 – 31 Jan 2010 has been issued at the Web at www.imssc.org under www.imssg.org/09-ann.html together with the electronic entry form for this competition. For freaks under the Masters a combination of a travel to the AMERICAN ALLROUND and SPRINT in Salt Lake City and a travel to the SPRINT GAMES in Milwaukee one week later seems to be very attractive. At Salt Lake City the competitors find the fastest ice of the world in the famous Utah Olympic Oval and in Milwaukee they can participate in the World Sprint Championships of the Masters, the Sprint Games, in the Pettit National Ice Center. And both cities are highly interesting, Salt Lake City, the town of the Mormons at the Great Salt Lake near the high Uinta Mountains and Milwaukee, the interesting town at Lake Michigan.
